

2600 Series*

Class 1 & 3 High-Profile LED Beacon

*Formerly "Richmond" Series

The 2600 Series Class 1 & 3 LED beacon produces a superior warning signal that promotes safety in all work environments. Ideal for snowplows, construction equipment, utility vehicles, and work trucks, this beacon has you covered with a compact, high-profile design that is super bright, durable, and simple to install. Multiple options are available for both LED and lens color. The magnetic mount includes a cigarette lighter adapter that allows you to toggle through all 11 flash patterns quickly and easily, providing you with great flexibility on the job. Also available in a permanent mount option.

FEATURES

- 4 beacons in the series
- Small footprint
- Rugged polycarbonate construction
- Lens with UV inhibitors
- 360 degree illumination provides outstanding visibility from all angles
- SAE Class 1 certified (amber)
- SAE Class 3 certified (green)
