

DAYTONA

Class 1 10" LED Light Bar

The Daytona Class 1 LED Light Bar is a compact-designed low-profile light bar that produces a powerful amber warning signal. Measuring just 10" wide, this versatile light bar packs a punch despite its small footprint. Multiple mounting options available, including a magnetic mount which includes a cigarette lighter adapter that allows you to toggle through all 20 flash patterns quickly and easily, providing you with great flexibility on the job. A perfect solution for multiple applications, including construction, municipal, service vehicles, and work trucks.

FEATURES

- 3 light bars in the series
- Small footprint
- Rugged polycarbonate construction
- Lens with UV inhibitors
- 360 degree illumination provides outstanding visibility from all angles
- SAE Class 1 certified
