400 Series
4" Round LED Warning Light

Formerly "Michigan" Series

The 400 Series LED Warning Light produces an attention-grabbing warning signal that is designed to meet the demands of multiple commercial vehicles, including work trucks, municipal, construction, tow, and delivery vehicles. The 8 different flash patterns deliver situation-specific warning options and the ability to meet SAE standards for both amber and green applications. This rugged LED warning light is easily connected to your vehicle with the 3-pin amp connector and available wiring harness, or a bare wire option is also available. Get noticed and stay safe with the 400 Series of warning round LED warning lights from Opti-Luxx.
