

THE BRIGHT WAY TO WORK.

The new LED cargo light from Opti-Luxx provides a brighter, safer work environment.

Opti-Luxx delivers a great way to brighten up those dark work areas!

The 3/4" small and economical white LED light contains a smooth uniform light pattern of 31 nominal lumens and is easily installed with a grommet. It can be used for interior or exterior use, including all outside environments capable of withstanding automotive constraints. No certifications or regulations are required for this type of light.

Benefits include small packaging requirements, in addition to being very economical for general lighting in multiple applications (cargo loading/side loading, storage box lighting, small areas not requiring a lot of focused light, etc.). This light also contains the industry standard 180 bullet connectors for easy installation.

Simple installation. Powerful illumination.

FEATURES

- LED provides superior illumination compared to incandescent versions
- Compact size allows for installation in small places
- Elements/weatherproof cover ensures worksite durability.

PART NUMBER	DESCRIPTION
100CL0001	0.75-IN ROUND CARGO LIGHT, GRM MNT, WHT, M-O. 180-IN BULLET
